Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In the 19th year of what I thought was my very strong marriage, my wife looked me in the eye one morning and said, I love you but I m not in love with you anymore. I thought it was a cliché. I thought it was a joke. I thought it was very sick humor. Over the next 18 months, I learned that my wife was sincere: she wanted out of our marriage. This despite three children, a beautiful home in Pennsylvania, a marriage that friends often cited as a perfect marriage. In I Thought We Were Happy, I explore what happened to my so-called ideal marriage, what went wrong, why I failed to heed the warning signs, its actual disintegration, the efforts I ve made to put my life back together. The story is honest, raw and reflective, the writing candid and emotional. Along the way, I explore why I loved-and continue to love-this woman who walked out on our marriage after 20 years. While many women have written poignantly about broken marriages, few men have tackled this subject in non-fiction form. I may be from Mars, but I suspect that inhabitants of Venus will be as interested in this story as my fellow Martians. While the writing reflects the anger and bewilderment I felt at times, the only person I put under the microscope is me. Along the way, I share the wisdom and counsel of the therapists and friends who helped dig me out from down under, most of them women.
