Excerpt: . . . plenty of white space staffing followed these two sections, the accuracy of responses for staffing might improve. good use of fonts use of check boxes where possible 4. On the LMS survey, a notice about confidentiality should appear in the section about perceptions and clear flow and path attitudes toward work. It is possible for attitudinal minimal instructions questions to have a negative influence on response instructions placed with the items as needed rates. The effect for this survey has not been studied. The surveys might, however, be even better received by respondents with a few minor changes: 5. Respondents are more likely to respond if there is a perceived reward or if they feel involved in the 1. The cover letter for both surveys could generate survey. A check box on the LMC and LMS more interest by stating what is at stake. A...
