Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Deutsches Sprach-Und Lesebuch, Vol. 2: German Grammar and Reader The following suggestions may serve as a guide in the use of the book, viz: Lessons IV., V., VI. And VII. Treat of the conjugation of strong verbs; my own experience led me to divide them into four classes instead of the seven classes of Heyse usually adopted, such a division being less complicated and of easier comprehension for beginners. Lessons X. And XI. Purposely contain a review of weak and strong verbs already learned, in order to ensure a command of the language, especially of the spoken idiom. Instead of the English translation of verbs the student is referred to the pages where they are employed in sentences. By this process the mind is more vividly impressed and the memory strengthened. All experienced teachers will recognize the importance of this fact. Reflexive and impersonal verbs governing the dative contained in lessons XII. And XIII. Are marked with an asterisk on account of the synthetic use of the dative, which is not previously mentioned. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
