

The Doppelganger Project

Filesize: 7.14 MB

Reviews

Simply no phrases to explain. It is definitely simplistic but shocks from the fifty percent from the pdf. You may like the way the blogger write this ebook.

Createspace, United States, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Historical fiction meets science fiction-as you've never read either of them before-in this riveting what if retelling of World War II. Extensively researched at a top-secret British decoding facility, this imaginative story by Bob Ackerman is grounded in facts that make you wonder whether maybe this is the true account, after all. In 1941, American naval officer Jeffery Williams is handpicked to serve at England's Bletchley Park on an Enigma code-breaking team with Colin Henricks and Kerra Dawes. They soon pick up on a series of messages codenamed the Doppelganger Project. Although they can discern how important it is to the Germans, they can't figure out what exactly they're plotting. With the German scientific advancements during the war continuing to amaze Allied forces, the code breakers know it's foolish to underestimate the Nazis. Do they have what it takes to decipher the puzzle-before it topples the Allies in a way no one can fathom? Follow Jeff, Colin, and Kerra as they navigate military intelligence, special assignments, and Nazi monstrosities, all while trying to determine who they can trust in a world clouded by war.
