Cambria Press, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.While the memorialization of slavery has generated an impressive number of publications, relatively few studies deal with this subject from a transnational, transdisciplinary and transracial standpoint. As a historical phenomenon that crossed borders and traversed national communities and ethnic groups producing alliances that did not overlap with received identities, slavery as well as its memory call for comparative investigations that may bring to light aspects obscured by the predominant visibility of US-American and British narratives of the past. This study addresses the memory of slavery from a transnational perspective. It brings into dialogue texts and practices from the transatlantic world, offering comparative analyses which interlace the variety of memories emerging in diverse national contexts and fields of study and shed light on the ways local counter-memories have interacted with and responded to hegemonic narratives of slavery. The inclusion of Brazil and the French, English, and Spanish Caribbean alongside the United States and Europe, and the variety of investigative approaches-ranging from cinema, popular culture and visual culture studies to anthropology and literary studies-expand the current understanding of the slave past and how it is reimagined today. This fascinating book brings freshness to the topic by considering objects of investigation which have so far remained marginal in the academic debate, such as heroic memorials, civic landscape, white family sagas, Young Adult literature of slavery, Latin American telenovelas and filmic narrations within and beyond Hollywood. What emerges is a multifarious set of memories, which keep changing according to generation, race, gender, nation and political urgency and indicate the advancing of a dynamic, mobilized memorialization of slavery willing to move beyond mourning towards a more militant stand for justice. This is an important book for those...
