This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Unicorn Books, 2013. Book Condition: New. Who parents the parents? There are various factors both positive and negative which exert influence over a child's behaviour. We, as parents, make a lot of mistakes in the way we rear our children, and some of these mistakes are unavoidable. Our innocence or ignorance may turn a child with an innocent mind into a difficult child! We need to identify the repercussions of our own problems on our children, and look for ways to overcome them. If not, then we run the risk of our children going astray. The objective of the book is not to instill any fear in parents or would-be parents. The author's aim is in the direction of imparting discipline to parents and also to shed light on the problems and issues of parents. This book is an opportunity to introspect, because everyone has unique problems, and has to manage their own behaviour and consequently their children accordingly. The book serves as a mirror through which you can view yourself truly and clearly. It is full of tips on how to manage ourselves, small children and adolescents too!.
