

In Lividity of Dreams (Paperback)

By Stephen Donald Huff

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. When we dream of falling, we inevitably awaken at the moment of impact. When we run for our lives from monsters or madmen, we invariably rouse before the bloodthirsty end. Myth and folklore imply we die in the waking world when we die in our dreams, and this is why living human beings never dream all the way through such slumberous events. This assertion begs a question. How many of the dead have suffered such dreams? Countless nameless people populate our dreams. Who are they? What becomes of them when we lay violent hands upon them in lividity of dreams? An insightful short story.

Reviews

It in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.
