

Joining Materials in My Makerspace (Paperback)

By Rebecca Sjonger

Crabtree Publishing Company, 2018. Paperback. Condition: New. Language: English . Brand New Book. Children will enjoy this interesting book, which uses the principles of Makerspace to introduce them to how materials can be joined together to create one object with many individual pieces. Simple text describes how objects made of many pieces can be disassembled to make new objects, and how the properties of those objects can be observed. Readers are then provided with strategies to start their own creative projects using the ideas they have learned. Along the way, tips and helpful hints guide children on how to brainstorm and solve problems working as a team.
