Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1855 Excerpt: .to which it is not applicable are very few indeed, and they are chiefly those in which, from the calculus having attained an unusual size, the danger and difficulty of lithotomy are so great, that no surgeon would willingly, nor otherwise than as a matter of duty, undertake it. Medico-Chirurgical Transactions, vol. xi, p. 32. OBSERVATIONS RESPECTING DEGENERATION OF THE PANCREAS. BY C. HANDFIELD JONES, M.JB. Cantab., F.R.S. COMMUNICATED BY H. BENICE JONES, M.D., F.R.S. ja., RATAL Received March 23d--Read April Kith, 1855. The structure of the pancreas is so well known, that it would be merely tedious if I were to commence this paper with any detailed account of it. I may state that my own observations agree in the main with those of Dr. Hyde Salter, whose essay, in the Cyclopaedia of Anatomy and Physiology (part xlv) contains the best description I am acquainted...
