MULTI-AGENT SYSTEM APPLICATIONS: ON-DEMAND ELECTRIC VEHICLES DIAL-A-RIDE OPERATION SYSTEM

iConcept Press. Paperback Condition: New. 102 pages. Dimensions: 9.6in. x 6.7in. x 0.2in. Transportation is one of the industrial sectors most impacted by global climate change. Electric vehicles are energy-efficient and often presented as a zero-emission transport mode to achieve longer-term de-carbonization visions in the transport sector. Governments are recognizing the highest priority of development of public transit policies for sustainability. Taxis are visible and thus electric vehicle use in taxi service can bring attention in urban life to a commitment...

Reviews

The ideal book i actually read. It is one of the most awesome pdf i have study. I am just happy to tell you that this is basically the best book i have study in my own life and might be he finest ebook for actually.

-- **Nettie Leuschke**

This pdf is indeed gripping and exciting. It is written in easy words and phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.
