Realm Divided: A Year in the Life of Plantagenet England (Paperback)

By Dan Jones

Head of Zeus, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. 1215 - the penultimate year of the reign of a king with the worst reputation of any in our history - saw England engulfed by crisis. Weakened by the loss of Normandy, King John faced insurrection by his disgruntled barons. With the assistance of the Archbishop of Canterbury, they drew up a list of their demands. In June, in a quiet Thames-side water-meadow, John attached his regal seal - under oath - to a charter that set limits on regal power. In return, the barons renewed their vows of fealty. Groundbreaking though Magna Carta was, it had scant immediate impact as England descended into civil war that would still be raging when John died the following year. Dan Jones's vivid account of the vicissitudes of feudal power politics and the workings of 13th-century government is interwoven with an exploration of the lives of ordinary people: how and where they worked, what they wore, what they ate, and what role the Church played in their lives.

Reviews

Here is the best ebook we have read through right up until now. I could possibly comprehend every thing out of this written e pdf. Its been written in an remarkably easy way and is particularly only following i finished reading through this ebook by which in fact changed me, change the way i really believe.
