Reviews

Extensive information! Its this sort of great read through. It is amongst the most incredible book i have go through. I realized this publication from my i and dad suggested this book to understand.
(Prof. Devon Bernhard PhD)

THEORIZING CULTURE: AN INTERDISCIPLINARY CRITIQUE AFTER POSTMODERNISM (PAPERBACK)

New York University Press, United States, 1995. Paperback. Condition: New. New. Language: English . Brand New Book. An accessible introduction to the expanding field of cultural studies, *Theorizing Culture* provides a range of critical perspectives on contemporary cultural forms, practices, and identities. In an era of posts , terms such as postmodernism, postcolonialism, post-Enlightenment, post-feminism, post-disciplinary, and even post-history pervade much of the conceptual terrain for cultural research. At the same time, more familiar analytical categories, such as representation, experience, reality, and power, have been neglected. This book agrees with the important postmodern focus on contingency, temporality, and situational definitions of the world. Without the neutral ground of modernism beneath our feet, we face culturally specific, contingent questions of value. Extending beyond the postmodern debate to reinstate the critical dimension in cultural analysis, this anthology covers a wide range of contemporary subjects, such as the body, AIDS, race, the environment, and virtual reality.
