FINANCIAL ASTROLOGY ALMANAC 2016 (PAPERBACK)

Wood Dragon Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The financial markets are a reflection of the psychological emotions of traders and investors. These emotions ebb and flow in harmony with the forces of nature. In the early years of the 20th century the most successful traders on Wall Street, including the venerable W.D. Gann and the mysterious Louise McWhirter, recognized the link between the financial markets and psychological emotion. They repeatedly used their knowledge of Astrology to profitably trade the markets at certain key dates when the shifting emotion of market participants would cause price fluctuations and trend changes. This 2016 Financial Astrology Almanac provides the reader with key astrological dates to watch for each month. These dates align to particular astrological occurrences that have been shown time and again to have a high propensity to result in short term trend changes on the Dow Jones Average and the SP500. These key dates have been determined using exactly the same analytical process that Gann and McWhirter would have used. This Almanac also provides the reader with key dates that align to astrological occurrences which have been shown to have a strong correlation to short term trend changes on selected Commodity Futures contracts.
