Excerpt: . . . 11 include clinical practice guidelines in managing care, and that is both DOD and VA practitioners getting involved to develop these guidelines; in the mental health arena, specifically with PTSD; patient safety practices; in deployment health and research; in contingency planning; in financial management that addresses VA and DOD billing and reimbursement issues; in joint facility utilization, which I will talk about later; information management and information technology; in the pharmacy area; in medical materiel acquisition and procurement; in VA DOD shared high-technology medical contracts; in shared continuing medical education and training opportunities; and also in benefits delivery. I think one of our signature successes has been in joint facility utilization. For example, at the North Chicago VA Medical Center, which is side-by-side with the Navy training facility in North Chicago, there was previously a VA medical center...
