This splendid monarch procured from Italy workmen to instruct and aid the native artisans: it is thus that the peculiarities observable in some portion of this structure, and the perfection of its masonry are accounted for. With the queen of the last named Saxon monarch commences, what is important in the history of this castle. Edgar, who died in the thirty-third year of his age, bequeathed this to her as a dowry mansion, and in this princely residence, which her royal husband had with so much cost and care prepared for her, she plotted and accomplished the murder of his son.
