MOOR EFFECT REMIX: THE LUZ OF EUROPE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This volume introduces a group of people who changed history, who have been labeled as conquerors, invaders, yet were solely responsible for lifting up Europe from its knees. This group of people have been called Moors. I called upon tremendous scholarly firepower of past and present historians, writers, and chroniclers in order to bring this together, and I hope that it establishes beyond the need for further debate that the Moors were Black Africans that conquered and civilized Spain, and then lost it again to a European Reconquista. However, it is such a pity to know that in the 21st century questions regarding the Moors still forces many to refute the pigmentation of this group of people, even after science has busted the myth of multiple races. It just goes to show you that once a lie builds enough energy and momentum, it becomes the truth for so many, and the crazy part about it is, most will never question the veracity of the lie. This is why those who hold on to lies must defend their lies every time new information clashes with their culture, tradition or belief! Nonetheless, it is apparently necessary for me to demonstrate with mental graphics, the ethnicity of the Moors of antiquity, as a means of creating a visual picture that can tell a story far better than words can.
