DEMENTIA RECONSIDERED: THE PERSON COMES FIRST

Open University Press. Paperback. Book Condition: new. BRAND NEW, Dementia Reconsidered: The Person Comes First, Tom Kitwood, "For some years now, Tom Kitwood's work on dementia care has stood out as the most important, innovative and creative development in a field that has for too long been neglected. This book is a landmark in dementia care; it brings together, and elaborates on, Kitwood's theory of dementia and of person-centred care in an accessible fashion, that will make this an essential source for all working and researching in the field of dementia care." -Robert Woods, Professor of Clinical Psychology, University of Wales "Over the last ten years or so Tom Kitwood has made a truly remarkable contribution to our understanding of dementia, and to raising expectations of what can be achieved with empathy and skill. This lucid account of his thinking and work will communicate his approach to a yet wider audience. It is to be warmly welcomed." - Mary Marshall, Director of the Dementia Services Development Centre, University of Stirling * What is the real nature of the dementing process? * What might we reasonably expect when dementia care is of very high quality? * What is required of organizations and individuals involved in dementia care? Each chapter provides a definitive statement on a major topic related to dementia, for example: the nature of 'organic mental impairment', the experience of dementia, the agenda for care practice, and the transformation...
