Reviews

I actually started off looking over this publication. I have read through and so i am certain that i am going to likely to study again yet again later on. I am easily will get a delight of reading a written pdf.
(Ross Hermann)

GLOBAL POVERTY: GLOBAL GOVERNANCE AND POOR PEOPLE IN THE POST-2015 ERA (2ND REVISED EDITION)

Taylor & Francis Ltd. Paperback. Condition: new. BRAND NEW, Global Poverty: Global Governance and Poor People in the Post-2015 Era (2nd Revised edition), David Hulme, Around 1.4 billion people presently live in extreme poverty, and yet despite this vast scale, the issue of global poverty had a relatively low international profile until the end of the 20th century. In this important new work, Hulme charts the rise of global poverty as a priority global issue, and its subsequent marginalisation as old themes edged it aside (trade policy and peace-making in regions of geo-political importance) and new issues were added (terrorism, global climate change and access to natural resources). Key updates for the new edition: * evaluation of the post-2015 Development Agenda and the Rio+20 * exploration of how Colombia and Brazil are pushing a sustainability agenda as a Southern perspective to challenge the aid focus of OECD post-MDGs interests * examination and discussion of the gradual shift of power and influence to the BRICs and emerging regional powers (Indonesia, Turkey, South Africa) but the lack of change in global institutions * exploration of Russia's lack of participation in the development agenda The first book to tackle the issue of global poverty through the lens of global institutions; this fully updated volume provides an important resource for all students and scholars of international relations, development studies and international political economy.
