Reviews

A brand new e book with a brand new standpoint. I have read through and that i am certain that i am going to gonna go through again once more in the future. Its been developed in an remarkably simple way in fact it is merely right after i finished reading through this book in which basically modified me, modify the way in my opinion.
(Prof. Llewellyn Thiel)

PLEASE LOVE ME (PAPERBACK)

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. For as long as she can remember, 17-year-old Peyton Bound has struggled to remain strong despite being lost in the whirlwind of her emotionally disturbed mother's life . then she finds Matthew Adler at a frat party. He's the first boy who kisses her with open eyes; Peyton finally sees herself in their sparkling reflection. She's sure that her fairytale moment has finally arrived, the day when everything will magically fall into place, and the burdens of her disturbing childhood will begin to lift. But when everything goes wrong, Peyton can no longer run from the truth about herself. Something is missing, and no one can save her. Artist and writer Penelope Przekop grew up in Louisiana during the 1970s and 80s. Despite fictional elements, Please Love Me is her memoir; she is Peyton Bound, a character she created as a young adult to understand how she fell into a destructive relationship that led to a suicide attempt, and violent public cry for help. As she wrote the book, she realized it was about much more than first love gone wrong. It was about her dysfunctional childhood, her mentally ill mother, and her desperation to break free. Please Love Me gives a raw voice to some of the deepest issues contributing to teenage suicide. It is an honest look into the human spirit's need for love and truth in a world full of craziness, and just how far some will go to find it.
