

Bicknell's Victorian Buildings (Paperback)

Filesize: 4.16 MB

Reviews

Complete guideline for ebook enthusiasts. It really is loaded with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Delilah Hansen)

BICKNELL S VICTORIAN BUILDINGS (PAPERBACK)

Dover Publications Inc., United States, 2009. Paperback. Condition: New. New edition. Language: English . Brand New Book. By the 1880 s, American architecture had turned to a heavily formal, almost grandiose style, forsaking the more delicate ornamentation and graceful line of the previous decade. Just prior to the shift, A. J. Bicknell Co. published a handsome volume of contemporary designs, plans and specifications for a wide range of public and private buildings from many parts of America. Their intention was to feature a complete village which could be constructed at moderate cost; in fact they published one of the last inclusive documentations of that style of mixed Gothic, Romanesque and classical cornices, pedestals, spires and gables known as Victorian. Forty-five buildings of all sorts cottages, villas, suburban houses, town houses, a farm, a jail, courthouses, banks, store fronts, churches, schools, even stables are portrayed in beautiful architectural drawings of scaled elevations and floor plans. Large-sized details show the principal corners, panels, railings, arches, finials, window and verandah sections; scales range from 3/32 of an inch to the foot for the elevations, to 1/2 /1 for the details. The designs come from architects in Boston, Philadelphia, Chicago, St. Louis, Nashville, and were built in many large and small communities. Along with the private homes and standard public buildings, there are plans for the first completely fireproof courthouse (built of marble and cast iron) in the United States, at Macoupin County, Illinois; the Bay County Courthouse in Bay City, Michigan, may also be numbered among the noteworthy inclusions. A three-story home in this book, with four bedrooms, dining room, kitchen, parlor, verandah, hall, portico, and cellar (with servants quarters, if necessary) cost, at that time, \$5000 to build; a series of specifications, both general and particular (for carpenters, plumbers, painters and masons)...
