Harvard Business Review Press, United States, 2009. Paperback. Condition: New. First Trade Paper Edition. Language: English . Brand New Book. The information revolution has made for a radically more fluid knowledge environment, and the growth of venture capital has created inexorable pressure towards fast commercialisation of existing technologies. Companies that don't use the technologies they develop are likely to lose them. Key features Over the past several years, Hank Chesbrough has done excellent research and writing on the commercialisation of technology and the changing role and context for RD. This book represents a powerful synthesis of that work in the form of a new paradigm for managing corporate research and bringing new technologies to market. Chesbrough impressively articulates his ideas and how they connect to each other, weaving several disparate areas of work RD, corporate venturing, spinoffs, licensing and intellectual property into a single coherent framework.
