Reviews

It is one of the most popular publications. We have read through it and I am sure that I will likely study it again once more later on. I am just delighted to tell you that this is actually the finest publication we have read through in my individual existence and might be the best PDF for actually.

Mutual Publishing, 2015. Paperback. Condition: New. Language: English . Brand New Book. Hawai i s culinary terms can be baffling, whether supermarket shopping, looking for recipe ideas in local cookbooks, or reading restaurant menus, particularly at fine dining ones where chefs like to show off by using new and fancier food terminology. While newcomers to the islands are at the most disadvantage, even longtime residents can get stumped by forgotten meanings of ingredients. Being familiar with every culinary term or ingredient, particularly those not from one s heritage/ethnicity, is impossible. Add in local pidgin and one can be excused for not knowing the meaning of many local culinary terms. Hawai i s Food Dictionary ends all the confusion and unknowns. No longer do you have to be in the dark about an ingredient s meaning or a food term. No longer do you have to be stumped at the grocery store or intimidated at a restaurant when you hear the specials.
