Aquarians are important protagonists in an ongoing global drama, you are often the catalyst for change or you may be the one to put the last straw on the camel's back. You may be held up as the example, but you will take centre stage to highlight the issues. You are the ones who take movements to critical mass. You may not like all the changes you see happening around you, but you will not walk away, you are going to join in and see how you can influence events. Aquarians have an immense amount of sexual, emotional and intellectual energy at their disposal - you are on the hunt for excitement, challenges, controversy and expansion. You will embrace new ideas and look to disseminate these. Sexually you have an aura of enchantment about you and are very appealing to the opposite sex - when you are in love, you revel in making sacrifices and doing what you can for your loved one as it feels good and right to put them first. You can have great success in publishing, writing and communicating especially where you express original or ground-breaking ideas of new takes on old subjects.
