The Mechanics of Building Construction (Classic Reprint)

By Henry Adams

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Mechanics of Building Construction During the summer of 1906 the author was requested by the Board of Education to give a course of lectures at South Kensington upon The Mechanics of Building Construction to a number of Science teachers selected by the Department from all parts of the Kingdom, with the object of perfecting their knowledge of the subject and at the same time illustrating the manner in which it should be taught. The course was so well appreciated by the teachers that a repetition was asked for in 1907, and was duly given to another selected group. Those lectures form the basis of the present work; but in preparing his notes for the press the author has made some alteration in the division of the sections and many additions to the text and drawings, and has revised the remainder where expedient. The details have been expanded, and explained more fully than they were in the first instance, so that what was originally prepared for teachers only is now available also for students, and forms...
