A BRIEF HISTORY OF EVERYTHING (PAPERBACK)

Shambhala Publications Inc, United States, 2017. Paperback. Condition: New. Abridged edition. Language: English . Brand New Book. A new edition of the best-selling work from one of the most forward-thinking and important philosophers of our time. Join one of the greatest contemporary philosophers on a breathtaking tour of time and the Kosmos--from the Big Bang right up to the eve of the twenty-first century. This accessible and entertaining summary of Ken Wilber's great ideas has been expanding minds now for two decades, providing a kind of unified field theory of the universe and, along the way, treating a host of issues related to that universe, from gender roles, to multiculturalism, to environmentalism, and even the meaning of the Internet. This special anniversary edition contains as an afterword a dialogue between the author and Lana Wachowski, the award-winning writer-director of the Matrix film trilogy, in which we're offered an intimate glimpse into the evolution of Ken's thinking and where he stands today. A Brief History of Everything may well be the best introduction to the thought of this man who has been called the Einstein of Consciousness (John White).
