

Cell Traffic: New and Selected Poems (Paperback)

Filesize: 3.99 MB

Reviews

This type of book is almost everything and helped me hunting forward and more. I was able to comprehend almost everything using this published e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Edwardo Ziemann)

CELL TRAFFIC: NEW AND SELECTED POEMS (PAPERBACK)

University of Arizona Press, United States, 2012. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book. Cell Traffic presents new poems and uncollected prose poetry along with selected work from award-winning poet Heid Erdrich's three previous poetry collections. Erdrich's new work reflects her continuing concerns with the tensions between science and tradition, between spirit and body. She finds surprising common ground while exploring indigenous experience in multifaceted ways: personal, familial, biological, and cultural. The title, Cell Traffic, suggests motion and Erdrich considers multiple movements-cellular transfer, the traffic of DNA through body parts and bones, migration through procreation, and the larger movements of indigenusness and ancestral inheritance. Erdrich's wry sensibility, sly wit, and keenly insightful mind have earned her a loyal following. Her point of view is always slightly off center, and this lends a particular freshness to her poetry. The debunking and debating of the science of origins is one of Erdrich's focal subjects. In this collection, she turns her observational eye to the search for a genetic mother of humanity, forensic anthropology's quest for the oldest known bones, and online offers of genetic testing. But her interests are not limited to science. She freely admits popular culture into her purview as well, referencing sci-fi television series and Internet pop-up ads.
