CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book examines the process of dismantling the democratic institutions and protections in Venezuela under the Hugo Chavez regime. The actions of the Chavez government have influenced similar processes and undemocratic manoeuvrings in Ecuador, Bolivia, and Honduras. Since the election of Hugo Chavez as president of Venezuela in 1998, a sinister form of nationalistic authoritarianism has arisen at the expense of long-established democratic standards. During the past decade, the 1999 Venezuelan Constitution has been systematically attacked by all branches of the Chavez government, particularly by the Supreme Tribunal of Justice, which has legitimized the Chavez-ordered constitutional violations. The Chavez regime has purposely defrauded the Constitution and severely restricted representative government, all in the name of a supposedly participatory democracy controlled by a popularly supported central government. This volume illustrates how an authoritarian, nondemocratic government has been established in Venezuela.
