Reviews

This book is definitely worth getting. It usually will not price too much. Its been printed in an extremely simple way in fact it is only right after i finished reading this publication where basically altered me, modify the way i think.
(Avery Daugherty)

THE ECONOMICS OF LAW: AN INTRODUCTORY TEXT (HARDBACK)

Institute of Economic Affairs, United Kingdom, 2006. Hardback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. Economic analysis is increasingly being applied beyond its traditional precincts of the marketplace and the economy. One area where this has happened is in the economic approach to law: the application of economic theory (mostly price theory) and statistical methods to examine the formation, structure, processes and impact of the law and legal institutions. In this new and revised edition of The Economics of Law , Cento Veljanovski provides an introduction to, and overview of, the economic analysis of law. This book shows the importance of economic analysis to legal theory and practice, and provides a reliable introduction to property rights, cost-benefit analysis, public choice theory and other economic approaches, set in the context of the study of the law. The Economics of Law will be essential reading for scholars and students in law and economics as well as related disciplines.
