### ***Reviews***

*This is the greatest book we have read through till now. It is probably the most amazing book we have go through. I am just happy to tell you that here is the greatest book we have read through during my individual daily life and may be he best ebook for possibly.*  
(Eliseo Leffler)

## LES ARTS DU DESSIN ET LA SCIENCE (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: French . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Parmi les sciences de date relativement recente, la philosophie du beau et de l art, qui est l une des plus jeunes, n a point echappe a la loi commune; elle a eu, elle aussi, sa periode de lutttes et d efforts. Grace au talent et a l influence des maitres qui, il y a un demi-siecle, en furent dans notre pays, les promoteurs, et a cause de l attrait particulier des problemes qu elle agite, l esthetique a traverse d un pas assez rapide la premiere epoque de son developpement. Elle semble a l heure qu il est avoir deciderement conquis sa place au nombre des sciences philosophiques. La preuve en est que toutes les ecoles actuelles ont ou veulent avoir, comme l ecole spiritualiste, une theorie des beaux-arts: les hegeliens ont la leur, M. Taine a la sienne, qu il enseigne dans ses lecons et qui est le fond permanent et systematique de ses nombreux ecrits; M. Littrre appelle de tous ses voeux une esthetique positiviste. Mais si l on s accorde generalement a reconnaitre qu il y a une science du beau, sauf a differer quant au point de depart, aux principes et aux methodes, on est tres loin cependant de s entendre sur l efficacite des theories, c est-a-dire sur la puissance qu elles ont, selon quelques-uns, d accelerer le progres ou de ralentir la decadence des arts.
