By Edith S. Tyson

Scarecrow Press, United States, 2003. Hardback. Condition: New. New. Language: English . Brand New Book. From a precocious childhood, through practice at playwriting in college, early writing, and life-experiences from the mission field in Brazil to unemployment crises back in the USA, Orson Scott Card has become an established writer. He is best known for his novel Ender's Game. But, provocative as this book is, with its supreme ethical dilemma at the climax, and even though it has given birth to two sets of sequels (The Speaker Trilogy and The Shadow Books), it should not be regarded as Card's only great work. Card is completing a series set in a fantastic, and alternate, North America: The Tales of Alvin Maker, a saga that shows the struggle of good and evil as you never saw it before. He has daringly done a saga of humanity on a distant planet governed by a supercomputer, rediscovering its home of origin, Earth: The Homecoming Series. And, with Kathryn Kidd, he has begun a trilogy in which humans manufacture their own aliens, by giving animals intelligence: The Mayflower Trilogy. He has reached out into Biblical fiction. He wrote about Moses and the Exodus...

Reviews

This written book is great. I am quite late in start reading this one, but better then never. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).

This ebook will be worth acquiring. It is actually writter in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
