A TREATISE ON THE LAW OF BAILMENTS: INCLUDING CARRIERS, INNKEEPERS, AND PLEDGE (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Treatise on the Law of Bailments: Including Carriers, Innkeepers, and Pledge A text - book on Bailments may be thought a fitting supplement to my work on Personal Property. When the second volume of that work appeared I was urged to prepare such a text-book by some whose judgment appeared worthy of great confidence; and earliest among these was my honored friend, John William Wallace, Esq., of Philadelphia, who inherits, with scholarly tastes of a high order, a peculiar aptitude for studies in this department of jurisprudence, and from whose critical suggestions I have especially profited. But, thinking the profession well enough satisfied with the earlier works of Angell and Mr. Justice Story, I passed the subject from my thoughts; and this volume would not have been written had not the publishers of those works and my own informed me, many months later, that they intended issuing a new text-book on Bailments which should give particular prominence to the modern law of Carriers, and that I had the first Opportunity of becoming its author. Upon this unexpected invitation I undertook in good faith a task whose results, after the lapse of two years, are now before the reader.
