As a basis for this analysis, theoretical foundations in corporate finance and the theory of the firm are provided. Furthermore, current research on the theory of the firm and corporate finance for the recently emerged type of firm of the human-capital intensive firm is presented. The most significant part of the analysis is the evaluation of the interrelation between corporate finance and the theory of the firm using a 3x3 matrix. This matrix compares three important theoretical frameworks of the firm (the firm as a nexus of contracts, as a collection of growth options and as a collection of assets) with three major fields of corporate finance (capital structure, corporate governance and valuation). This assessment is done for the traditional asset-intensive industrial firm, one of...
