Createspace, United States, 2014. Paperback. Condition: New. Large Print. Language: English . Brand New Book. The focal point of this book is not to put down fathers, neither is it the objective to diminish the role of the father in the home or in society. Actually the purpose for this book is to provide a step by step guide on how to make it through difficult circumstances without jeopardizing great futures. More and more children seem to find themselves stuck and they see no light at the end of the tunnel. Kids are roaming through life without purpose, hope or identity. This book doesn t just highlight the negatives but it provides very practical and easy solutions that any child can take and use right at this very moment. The hope is that when young people read this book they get inspiration, strength and vision.
