Reviews

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Penguin Putnam Inc, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. The U.S. Army's Special Forces are known for their highly specialized training and courage behind enemy lines. But there's a group that's even more stealthy and deadly. It's composed of the most feared operators on the face of the earth--the soldiers of Ghost Recon. When the American ambassador to Colombia is kidnapped, the Ghost Recon team battles its way through rebels to rescue the man. But during the operation, they discover evidence of a new Islamic fundamentalist group that is being backed by South American drug cartels and rebel groups. The Ghosts follow a trail that leads them to uncover the group's true purpose: to control the choke points in the Indian Ocean and stop the flow of oil. This would mean billions to the South Americans, and cause economic chaos all over the world. But as the team chases down their quarry, they soon realize that their true foes have yet to reveal themselves.
