The book makes the case that this paradigm we ve inherited in western culture has left us stuck in a series of false arguments about the subject of religion: Whether there is or isn t a God ; the religion vs. science debate, the faith vs. reason debate. We bat these discussions back and forth under the illusion that we re engaged in a meaningful dialogue about religion, when all the while there is a more subtle understanding of the phenomenon, in the form of a very human, earthly psychological experience that, while generally referred to as mystical is really only a mystery in the sense that it has been obscured by our false understanding. Per Meister Eckhart: God is at home, it s we who have gone out for a walk. Although I don t agree 100 with Ian Gurvitz s analysis of religion -- who does on this subject? -- I loved reading this insightful, funny, and illuminating book. And we both think Pat Robertson is a douchebag. Bill Maher.
