Helping Children to Manage Loss: Positive Strategies for Renewal and Growth

By Brenda Mallon

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Helping Children to Manage Loss: Positive Strategies for Renewal and Growth, Brenda Mallon, Children experience loss in many ways: in the loss of a parent through death or divorce, through illness or disability, in failure and bullying, and in the host of hurts that are inherent in being alive. Helping Children to Manage Loss: Positive Strategies for Renewal and Growth explores the territory of loss in childhood using the words of children who have found themselves bereft of hope. As well as covering the short and long term implications that arise when loss occurs, it provides positive approaches that enable children not only to cope but to grow through their experiences. Incorporating practical techniques, case studies, successful models of intervention and insights from the author's experience as a counsellor who has worked extensively with children, the book explores such topics as: * helping a child prepare for loss * the initial impact of bereavement and its immediate consequences * helping a child mourn/come to terms with loss * separation and divorce, and the 'sleeper' effects that cause long-term damage * dreams as communication and how they can be used therapeutically *...

Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
