

Agnotology in Vaccines (Paperback)

By Pixie Seymour

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Agnotology means Culturally induced ignorance by the publication of inaccurate or misleading scientific data. Just for a minute ponder what agnotology in vaccines means and you will start to realise that we have been lied to. Lies by obfuscation. Parents need to get up to speed on the knowledge that is being kept hidden from them in the name of money. The pharmaceutical industry is hiding truth and this not only needs to stop but as parents, we also need to find out why this is happening and how we can protect our children from the poison needles. We have a generation of children to protect. not to mention the entire human genome! Each and every parent has to start asking questions about their children s health. Why not? What harm can possibly come from doing the best job you can as a parent by protecting your children s health? The answer to that is, none. In fact, the second you became a parent, is when that became your ONLY job. Your job, until your child turns 18, is to protect them...
