Reviews

This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

Not illustrated. 1874 Excerpt: .use of the artificial membrane tends to improve the hearing, and to render the patient more likely to be able to dispense with it. This might be expected, if its action is to keep the loosened stapes in its place. And that it does operate in this way is confirmed by many evidences. For instance, in one case of a man so deaf from scarlatina in infancy that he habitually pronounced words according to their spelling, and whose tympanum was filled with spongy growths, but on whom, after they were removed, the india-rubber discs had a splendid effect, it frequently happened that while I was cleaning out the tympanum, using a camel s-hair brush or rolled-up cotton-wool to dry it, he would exclaim, I can hear: and it was evident that the stapes had been touched. To a similar effect in bracing up the stapes, I ascribe the marked result of the use of lotions of sulphate of zinc upon the hearing; and sometimes the action of the tensor tympani, or stapedius, appears to operate in the same way. For example, in some cases of perforated membrane I have known the hearing to be decidedly better while a bougie occupied the Eustachian tube, as if thro stimulating the tensor tympani; and one patient, a young lady, in whom almost all the membrane was destroyed, but the malleus was still present, found that often when listening to music she felt a sudden click in the ear, and...
