This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Excerpt from Medusae of the World, Vol. 1: The Hydromedusae This work was commenced in 1892 at the suggestion of Dr. Alexander Agassiz while I was a student in his marine laboratory at Newport. Dr. Agassiz s plan was that we produce conjointly a work upon the Medusae, Siphonophorae, and Ctenophorae of the Atlantic coast of North America. In pursuance of this plan, Dr. Agassiz sent me upon expeditions to Halifax, Nova Scotia; Eastport, Maine; Charleston, South Carolina; and Tortugas, Florida. It was also my privilege to accompany him as his assistant upon his expeditions to the Bahamas, and to the coral regions of the tropical Pacific. During these years the majority of our American species were captured and drawings of them made from life. The description of all of the then known American Atlantic forms was completed by me in 1900, but unfortunately the pressure of other and more important work prevented the revision of the manuscript by Dr. Agassiz, and thus it remained in...
