Jaypee Brothers Medical Publishers (P) Ltd., 2013. Softcover. Book Condition: New. 4th edition. This book covers the areas considered necessary for a medical teacher to be oriented to the art and science of medical education. We have resisted the temptation to put too much of ?theory? and tried to keep the discussion simple. However, to satisfy the academic appetite of some readers, a number of references and freely available web resources have been provided at the end. Salient Features An entry level book to orient the medical teachers into art and science of teaching The edition has been completely revised with addition of 6 new chapters Rewrites many of its chapters and reframes the remaining chapters to incorporate the contemporary needs of medical teachers Includes new diagrams, tables and boxes to help in better understanding Retains the earlier self-instructional conversational format.
