The Evolution Myth: Or the Genes Cry Out Their Urgent Song, Mister Darwin Got it Wrong

By Jiri A. Mejsnar

Karolinum, Nakladatelství Univerzity Karlovy, Czech Republic. Paperback. Book Condition: new. BRAND NEW, The Evolution Myth: Or the Genes Cry Out Their Urgent Song, Mister Darwin Got it Wrong, Jiri A. Mejsnar, The origins of life, species, and man continue to interest scientists and stir debate among the general public more than one hundred and fifty years after Charles Darwin published On the Origin of Species. The Evolution Myth approaches the subject with two intertwined objectives. Jiri A. Mejsnar first sets out to convey the advances made in cosmology, molecular biology, genetics, and other sciences that have enabled us to change our views on our origins and our relationship with the universe. Scientific advances now allow us to calculate, for example, the age of the universe, the period in which biblical Eve lived, and, with good justification, to reconsider the possibility that the Neanderthals and primates might be our ancestors. The author's second objective is to use biology to explain why evolution cannot have taken place in the way that is most commonly assumed. Mejsnar builds his case around gene stability and on the sophisticated modern techniques for gene manipulation, the complexity of which make these modified genes inaccessible to nature. Development of...
