Vocational Agricultural Education by Home Projects (Classic Reprint)

By Rufus W Stimson

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Vocational Agricultural Education by Home Projects The Act of Congress known as the Smith-Hughes Act requires at least six months a year of supervised practice in agriculture, either on a farm provided for by a school or on some other farm. This minimum requirement must be met by all who desire federal aid for vocational agricultural education. The home-project plan, reviewed in the following pages, meets this requirement. Plant projects, from the preparation of the land to the storage or the disposal of the products, have a natural life of fully six months. Animal projects are better for supervision, nine, ten, or eleven months a year. Typewritten and muligraphed memoranda, also special reports and bulletins of the Board of Education, have set forth certain features of the home-project plan, from time to time, for the information of the Legislature and of those teaching agriculture in Massachusetts. They have not been prepared in such quantities, nor published in such editions, as to permit of general distribution. Special addresses and papers by the author, on one or...
