Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In March 2014, an outbreak of Ebola was reported in Guinea. This is the first time the disease had hit this country and locals as well as health authorities were admittedly ill prepared to deal with the menace. Therefore, the virus spread rapidly throughout several communities in the country. Reports indicate that the first victim was a child who died late in 2013. The infections soon spread to other countries including Sierra Leone, Liberia and Senegal.
