Prompt and Utter Destruction, Third Edition: Truman and the Use of Atomic Bombs against Japan

By J. Samuel Walker

Dev Publishers & Distributors, New Delhi, 2017. Soft cover. Condition: New. 160pp. In this concise account of why America used atomic bombs against Japan in 1945, J. Samuel Walker analyzes the reasons behind President Truman's most controversial decision. Delineating what was known and not known by American leaders at the time, Walker evaluates the options available for ending the war with Japan. In this new edition, Walker incorporates a decade of new research--mostly from Japanese archives only recently made available--that provides fresh insight on the strategic considerations that led to dropping the bomb. From the debate about whether to invade or continue the conventional bombing of Japan to Tokyo's agonizing deliberations over surrender and the effects of both low- and high-level radiation exposure, Walker continues to shed light on one of the most earthshaking moments in history. Rising above an often polemical debate, the third edition presents an accessible synthesis of previous work and new research to help make sense of the events that ushered in the atomic age.

Reviews

Comprehensive information for book fanatics. it had been writtern really completely and useful. I am happy to explain how this is the greatest publication i have read through in my very own life and can be he finest pdf for ever.
