Reviews

The book is great and fantastic. I could comprehend almost everything using this published e publication. I am just very happy to explain how here is the very best ebook i have study inside my very own existence and could be the greatest book for ever.
(Mekhi Marvin DVM)

THIS BOOK THINKS YOU RE A MATHS GENIUS: IMAGINE * EXPERIMENT * CREATE (PAPERBACK)**DOWNLOAD**

Thames Hudson Ltd, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. This fill-in book helps children to think like mathematicians by introducing key mathematical concepts in a highly visual--and entertaining--way. Through fun activities and illustrations, This Book Thinks You re a Math Genius encourages young readers to engage with new ideas by experimenting and investigating for themselves. This Book Thinks You re a Math Genius explores seven key areas of math: geometry, space and volume, statistics, numbers and number patterns, codes and ciphers, and the concept of infinity. Each spread centers on an open-ended question that introduces a key mathematical concept and suggests activities that engage the child in a fun way. Activities include reading minds with math, having a eureka moment, and playing mathematical guess who. The end of the book includes a section of paper-based crafts. This creative approach, along with Russell s wonderfully humorous hand-drawn illustrations, make math fun and accessible for children.
