Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Wars of the Roses dominated the second half of the fifteenth century in England, but the roots of the conflict lay farther back in time. Families would be torn apart as kings were deposed and local squabbles settled on a national scale. This book offers a brief overview of the key personalities and events that drove and shaped England during this civil war. Beginning with Edward III the wars are traced as Red Rose and White Rose fought for dominance in the garden of England. Lines were drawn and sides chosen. This was no flower garden. This was war.
