VIETNAM S ALLIANCE POLITICS IN THE SOUTH CHINA SEA (PAPERBACK)

Institute of Southeast Asian Studies, Singapore, 2015. Paperback. Condition: New. Language: N/A. Brand New Book. Vietnam has long maintained no alliance as a core principle in its foreign policy. However, as China becomes increasingly assertive in the South China Sea, there are indications that Vietnam is moving towards alliance politics , or efforts to forge close security and defence ties short of formal, treaty-bound alliances with key partners, to deal with the new situation. The need for such a shift in Vietnam s China strategy became more relevant after the 2014 Haiyang Shiyu 981 oil rig crisis displayed the limitations in Hanoi s hedging strategy. It deepened Vietnam s perception of China as a serious threat and highlighted the irreconcilability between its twin goals of maintaining good relations with China and protecting its interests in the South China Sea.
