CONSCIOUS CHOOSING FOR FLOW: TRANSFORMING CONFLICT INTO CREATIVITY (PAPERBACK)

[DOWNLOAD](#)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Whether it s a minor argument or a long-lasting dispute, conflict is an unavoidable reality of working and interacting with others. But while you ll find countless books on how to manage or negotiate conflict in the workplace, the real key is learning how to transform it-consciously taking the destructive tension of disconnection and, in the moment, choosing to turn it into something dynamic and creative. This is the process of creating flow: a positive, forward-moving energy that bolsters human connections and enhances your results. And it starts with recognizing the real reasons that conflicts and disconnections occur-the needs and feelings that remain unacknowledged or unsatisfied. Whether you re an HR professional or just looking to create transformation in your own life, Conscious Choosing for Flow is filled with valuable information about building connections and fostering flow-and it s as easy to read as it is fun and informative. With more than forty years of business experience behind him, visionary CEO Hayden D.M. Hayden draws upon a wealth of personal and professional experiences in this groundbreaking new guide-peppered with plenty of real-life stories and anecdotes to support the teachings within.
