

## Sacred Geometry: Coloring Book (Paperback)

Filesize: 1.11 MB

### ***Reviews***

*A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In the beginning, before things like matter and trees.before cats and dogs or you and me, there was Energy. This energy stretched from one end of the Universe to the other. It formed the very canvas of reality we call home. One day, the Energy decided to sing a song. The vibrations of this song created beautiful patterns that would later condense into 3rd dimensional matter. Everything we see, taste, touch and feel is a descendent of that very special sound. The following Mandalas are a tribute to that song. Known by Tibetan monks, shamans, mystics and artists throughout time, these patterns honor the fingerprint of the Universe. You may experience peace, tranquility and joy while coloring these images. Relax, these are normal side-effects. Consider this your Zen meditation .of sorts. I hope you have as much fun exploring these pages as I have had creating them for you. Enjoy!.
