Workman Publishing Company. Paperback. Book Condition: New. Paperback. 160 pages. Dimensions: 10.2in. x 8.4in. x 0.4in. Distilling the innovation, science, and enthusiasm of their first book *The World Record Paper Airplane Book*—world record holder Ken Blackburn and mechanical engineer Jeff Lammers present *The Kids Paper Airplane Book*. Written and designed for younger paper pilots, it has simpler planes with brighter, bolder graphics; games, activities, and fun aviation facts (the AAlpha, BBravo pilots alphabet, for example); and everything kids need to fold and fly. They will learn how to design their own planes, do stunts, and build a 3-D airport with stuff found around the house, and they'll discover that the largest aircraft ever flown wasn't a plane at all. There are 16 models and 76 full-color planes in all, a full-color poster of an airport, a pilot's license and flight log, and a field guide to common aircraft. But the irresistible attraction, as in the grown-up version, are the planes themselves: The Count, The Dragon, The Manta Ray, The Slice, The Aerobat, the Saturn Rocket. Plus the chance to be the next world record holder. Selection of the Doubleday Kids Club. Suitable for ages 5 and up. 360,000 copies in print. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
